

Brand Style Guide
Vol. 1

Introduction

GiveSolar is a project of New Community Project, a 501(c)3 nonprofit organization.

GiveSolar is a social impact organization whose goal is to expand access to clean energy, help others build economic security, and create climate control solutions.

This organization works to help facilitate low income households gain access to solar energy by partnering with organizations such as Habitat for Humanity to install solar panels on their homes.

This document defines the branding standards of GiveSolar. Please reference this guide to ensure consistency amongst the organization's identity.

Logo Guidelines

Lock-up

The primary logo is a combination mark comprised of brandmark and a word mark. The primary version is the tri-color gradient combination mark. Other than in the gradient, this combination mark can be reproduced one-color variations (the brand's dark orange, light orange, yellow, and navy) as well as in black and white and reversed out. The lock-up is shown below.

Logo Mark

The logo mark is shown below. The logo mark can be used when the type would be too small to read or where type cannot fit. This could include social media profile pictures, favicon, or anywhere else deemed appropriate.

Word Mark

The word mark is shown below. The wordmark can be used in place of the logo mark or wherever else deemed necessary. The wordmark can be in any of the brand's colors, including the tri-color gradient and black and white, however, both words must be in the same color or continuous gradient.

GiveSolar

Smallest Allowable Size

The smallest dimension for the visual marks within the logo system should be no smaller than 1/2" or 48x pixels in width. This is to ensure that the readability of the words will not be diminished.

48px or 1/2"

GiveSolar

48px or 1/2"

Color Palette

Yellow

RGB: 254 198 1
CMYK: 0 22 100 0
Hex: #fec601

Light Orange

RGB: 252 156 17
CMYK: 0 46 100 0
Hex: #fc9c11

Dark Orange

RGB: 251 123 30
CMYK: 0 64 99 0
Hex: #fb7b1e

Navy

RGB: 38 34 98
CMYK: 100 100 30 21
Hex: #262262

Background Color Possibility

Created from Brand Guide's yellow, light orange, and dark orange. *If unable to replicate, use solid colors.*

Typography

The GiveSolar brand typeface is Proxima Nova. The Proxima Nova type family should be used for usage. In the wordmark, “Give” is always in Proxima Nova Regular and “Solar” is always in Proxima Nova Bold.

Proxima Nova Regular
